

Report of Labour Skill Development Program **Conducted by the VANSi I IEM**

Ladies and Gentlemen of the MeitY,

This is our report on the labour skill development program (e-Waste), conducted by us on 20.05.2023 from 10:00 till 16:00. We had strength of 25 Labourers for this program and it was done on behalf of the MeitY.

We had 2 Trainers for this one day program and the details of them are given below:

Dr. Aprajita Singh	Head of the VANSi I IEM
Mr Dhanasekaran. N	Country Head of Vans Chemistry (e-Waste Recycler)

Mr Dhanasekaran is a Chemical engineer with a Master's degree in Business administration. He worked as the Head of Environmental, Health & Safety at Cimelia Resource Recovery in Singapore for over seven years and has been heading the Vans Chemistry, India for the past Decade.

Dr. Aprajita Singh has done her Ph.D. in Biotechnology specialised in e-Waste Management, after which she was a research assistant and has gained experience of over a decade in the field of e-Waste. Prior to joining the VANSi I IEM, she worked as an Assistant Professor at Jain University for over two years.

The morning Session was handled by Mr Dhanasekaran and the topic covered by him was proper and scientific e-Waste dismantling. He covered the topic using multiple examples of products.

The afternoon session was taken by Dr. Aprajita Singh and she covered the topic of Health and safety measures for people working in the field of e-Waste recycling. She also talked about the ill effects created by the informal practices of e-Waste recycling and why we should stick to formal recycling practice.

Please find some pictures taken during the programme attached on the next page.
